ANNOUNCEMENT for 1 September 2021:

Dear Valued Customer,

Thank you for using Sprint Freight and Logistics services, we appreciate your business and look forward to continuing that valuable relationship. We strive to always give great value and excellent service.

We have recently undertaken a review of our freight rates. For the last 3 years we have held our rates, despite many increases in our costs such as wages (increased by 11.76% in same period), maintenance, regulatory compliance and enforcement laws as well as road congestion, adding significant costs to our operations.

We have reviewed our freight rates and determined that we need to increase our rates by 5%, however this will not apply to our newly introduced "Zone 0" rates which will not be affected in this rate rise, and will be kept at their current prices.

Please check the price items that you regularly order, as there are a number of changes throughout the various items that we transport.

The new rates will apply from the 1st of September, feel free to discuss these changes with us if you wish. Either our sales manager Geoff Copeland who can be reached on 0417877858 or myself as per below. We would be happy to discuss any of your freight needs. We look forward to continuing to help you with your freight requirements into the future.

Regards

James Lochert

Transport Operations Director.
