To our Valued Customers:

Re: Fuel Levy Rate Increase

As many of you may not be aware on the 30<sup>th</sup> March the government abolished the fuel tax credit that we as transport operators where able to claim (up to the end of March). This was an 18 cents per litre rebait that we used to be able to claim back on all the fuel we purchased. Since we can no longer get this back, it has effectively increased our fuel costs by 18 cents per litre. As you would imagine this is a massive increase in our costs and one we cannot absorb.

In light of this unfortunately we need to again increase our fuel levy from 14% to 16% starting from July 1<sup>st</sup>. We will continue to monitor the situation, and hope that our next move will be down rather than up, however this will be determined by the government and world factors of which we have no control. Please feel free to discuss these changes with either our Sales Manager, Geoff Copeland on 0417877858 or myself on the contact number below. As always, we appreciate your business and we look forward to our continuing relationship.

Regards,

James Lochert

Transport Operations Director
